*The Newest
Arrival
to our Herd*

Basquiat arrived on July 22 ready to check out the world around him. He really hit the ground running...and kicking...and jumping! This is one little guy with a lot of spunk! Basquiat's fleece shimmers in the sun, reminiscent of the colors of an abalone shell. He has amazing luster already, and is locked to the skin with curls all around his face. He stands tall and proud just like his 3rd Generation Champion sire, Makeanu, and appears to share the gentle nature of both of his parents. I look forward to showing him next spring and adding to the ribbon count of his sire.
